AUSTRALIA IS COMING
BACK TO JESUS!

PARTNERSHIP

BROCHURE 2020-2021

THE VISION

We believe that God is moving in the Earth to raise Sons & Daughters who will unashamedly shine the love of God, and bring in the harvest; that is, be empowered and able to lead their friends and family back to the Lord, because the love of God emanates from them. They can love because they are first loved.

We believe that God is moving the church out into the community and we are going to be setting up more events around rural Australia (and in the cities) where local churches can come together, pray for the community, be equipped and then outreach into the community. Then come back and have a final celebration. These mobilisation campaigns will have equipping for discipleship and follow-up strategies as a core integral part of the campaign.

DETAILS

To facilitate these outdoor events, we have traditionally hired staging, sound and video systems, but this can cost up to \$80k per event (for a setup similar to the one we propose to buy). If we can get our own staff and gear, then we will be able to, in a more financially efficient manner, run these events. Often that financial burden can be too big for some churches and they will hesitate in working with us for the lost in their community.

By having our own gear, we will be less of a burden and able to partner with more churches and other evangelistic ministries. These capabilities and assets are not just for our ministry, but for the Body at large and the lost in our nation.

Gospel

TRUCK & EQUIPMENT

- SEMI TRAILER = \$200,000
- SOUND SYSTEM = \$200,000
- LED SCREEN = \$400,000
- SEMI = \$100,000
- TEAM = \$100,000

TOTAL AMOUNT= \$1,000,000
